Dear "Iler":

Descendents of Conrad Iler*

I have strained, even struggled, over "Iler" family history for many years. When I started, I am not sure. It was at least somewhat prior to 1958. I was born in Canada, went to school and spent my youth in Florida. Started working and lived in Canada for many years then moved back to the US where I have lived since 1958. We are connected with Conrad Iler. He was my Great Great Great Great Grandfather.

My efforts in these matters pale beside the lifetime work of the late John S. Eilar, D.D.S. of Albuquerque, New Mexico. Also Robert L. Iler who recently retired from the Moody Bible Institute, in Chicago. Bob too has done much work to preserve "Iler" history. In our youth Bob and I lived close to each other in St. Petersburg, Fla. I am indebted to both Dr Eilar and Bob.

Bob's work with MBI took him to many parts of the USA and Canada. He called upon many Iler's during his travels. Perhaps he called upon you, or a member of your family.

The several items enclosed should give you a bit of background. I will be happy to share more with you later if you wish. Dr. Eilar produced a short history and compendium of family data which he had printed in the late 1960's. However, to the best of my knowledge copies are no longer available.

Including phonetic spelling variations, I have a record of well over 3000 Iler, descendent names, and relations. So far I have not been able to recognize your connection, if any, to Conrad Iler the immigrant of 1729. Notwithstanding I feel reasonably sure there is a connection somewhere. May I have your help.

It will be greatly appreciated if you can provide a few more pieces of the picture (puzzle), and perhaps in the process you can find out more about some of your ancestors. Please drop me a line or fill-in one (or more) of the enclosed sheets, or both. I would very much like to hear from you. I am anxious to share my informatiom and data with anyone who is interested in it.

Sincerely yours,

This is a reproduction of the first page of the Introduction to a family history and compendum of data compiled by John S. Eilar, D.D.S. and published about 1965.

The title is: The Eiler, Eilar, Eyler, Iler, Oyler and Associated Familes

INTRODUCTION

The compiling of this history has been an arduous task covering a period of over thirty years, requiring the writing of many hundreds of letters--probably numbering in the thousands, many miles of travel, research by qualified genealogists, as well as my personal research checking state and county records and records in libraries and Historical Societies.

The primary work was done from 1935 until the beginning of World War II. During the war I was forced to lay aside the work, then resumed the securing of data about 1950. Since that time additional information has been secured but in many families one, or perhaps two, generations have been born which are not included in our history. Many dates of births and deaths are not listed, however I have endeavored to list names and have reserved places for dates of many of them.

A family genealogy is a continuing and never ending work. It is my hope that several branches will be continued by some of the descendants.

In the last few years all available records have been searched and the information on our early ancestry has been exhausted. Not until this time have authentic dates, information on migration, land transactions and family connections been informative enough to warrant writing of this history. Even after diligent search, there are still records unavailable or destroyed that would shed more light on the family.

In order to compile the data and write this history, many obstacles were encountered. Our early ancestry was all German. Few, if any, could speak English and the manner in which they pronounced their name--one time using Oi and the next Ei--caused those who were writing the names in the records and on documents to spell it the way they thought it should be spelled in English. Because of the different ways in the spelling, using Euler, Eiler, Eyler, Iler, Oiler, Oyler, etcetera, it was difficult to follow the family lines and know what references were made to the same person. In some of the wills two and sometimes three different spellings were used. In one family, the name spelled Eiler, Eyler and Iler on the headstones of the father, mother and daughter.

The descendants today have now settled on these spellings for their branches; Oyler, Eyler, Iler, Eiler, and Eilar. I have used the spelling in this work as found in the records and in the manner in which those with whom I have corresponded spell their names.

In the beginning there is no doubt but that our church affiliations were with the German Baptist and Brethren---some times referred to as Dunkers and Dunkards because of their method of baptism. Because of their disbelief in keeping records except in the family bible and also not believing in in infant baptism, no records were kept in the church. The church played a great part in the lives of our early ancestry. At the time of the war of the revolution there were about 800 members of the Brethren church. Factions sprung up within the church, some broke away and formed their congregation according to their beliefs, others affiliated with other denominations, marriages and influence of prominent ministers drew others away until today our family is made up of many denominations. One thing is very noticeable, few, if any, reverted to Roman Catholicism. The Brethren Church has continued to survive and today is one of the prominent protestant denominations. Valentine Eiler, the progenitor of the Iler, Eiler, Eilar branches was steadfast in church affiliations and many of his descendents still remain in that faith.

Because of the deep religious feeling in the family, especially of the early generations, I have made the first chapter a "History of the Church."

It may be of interest to know what gave me the incentive to write this history and how the family data was secured.

My lineage is Conrad, Jacob, Valentine, Samuel, Jacob, John. My grandfather, Jacob, was one of the sons of Samuel who changed the spelling of the name from Eiler to Eilar. Jacob moved from Wayne County Indiana to Hamilton County and with his death close family ties were lost to my family. Moving to Albuquerque, New Mexico I was placed farther away from the relatives and homestead of Samuel in Wayne County Indiana.

In the early years of searching for members of the family and securing data, three factors were responsible for many long letters. First, skepticism and lack of interest; second, my being far away from the original homestead and the majority of members of the family; third, the spelling of

ILER's in NORTH AMERICA

(Known to me)

The attached listing shows the ILER's in my files (out of 2000+ Iler's) who currently show as having been or being resident in the state, or Canadian province, noted on the listing at present or sometime in the past.

If a KEY shows a beginning letter of C, J or I it means that person is a known descendant of CONRAD ILLER, as I am.

C =	Conrad Iller (PA/MD)	1684-1751
	Margaret (?) Iller	1694-1763
J =	Jacob Iler (ONT)	1771-1843
I =	Samuel Eilar (IN)	1791-1875

(Jacob & Samuel are great grandsons of Conrad)

If a KEY shows a beginning letter of H, V, W or Y it means that person is a known descendant of the following:

H =	Jacob Iler (NC)	1794-1865
	Nancy Ann (Miller) Iler	1803-xxxx
W =	Daniel Iler (KY)	1775-1837
	Frances (Casey) Iler	1776-1846
Y =	Jacob Iler Sr (OH)	1765-1859
	Margaret (Lukenbaugh) Iler	176x-18xx
VC =	Conrad John Iler (SC)	182x-18xx
	Ann, or Maria, (KEMP) Iler	182x-18xx
VJ =	James Franklin Iler (GA)	184x-xxxx
	Susan (Bumbalowe) Iler	184x-xxxx
VS =	Capt Stephen Iler (MD)	176x-18xx
	? (?) Iler	176x-xxxx
VX =	Conrad Iler (OH)	181x-xxxx
	Julia (Strine) Iler	181x-xxxx

If a KEY begins with X, 50% fit this category, it means I know little or nothing about this person in so far as his ancestorial line is concerned.

There are very possibly some duplications.

ILER GENEALOGY

(Euler, Eiler, Eilar, Eyler, Oiler, Oyler, Ohler, et al)

Any Iler immigrant of whom I have knowledge had their roots in Europe. Many families seem to have had early roots in Switzerland and then migrated over a period of time to Germany and thence to the North American continent.

There is strong evidence some Iler families in the U.S. and Canada today have a connection with one another in Europe. That is to say, the families came to North America separately, maybe even years apart, and were perhaps cousins or otherwise related before their arrival. They may not even have had contact with one another since their arrival in America.

The earliest Iler I have uncovered in America dates to a little before 1700. I have evidence of the ILER name as far back as the 1200's but with no continuity in any "family group" until after the late 1600's.

Numerous individuals before me have spent many many hours of work, even years, researching and compiling Iler historical data. For much of the information currently available to me I am deeply grateful to a great many people for their efforts.

WHAT I AM TRYING TO DO and WHAT I NEED

I am trying to expand upon the above mentioned work of others and compile a comprehensive record, a history (or at a minimum a compendium), of ILER's in North America and their descendant's, past and present.

What I need most is simple facts about you and your family. In return I will be pleased to provide you, as best I can, with print-outs relative to your family and ancestors, similar and or additional, to some of those enclosed.

May I have information concerning you and your family. Use the enclosed "Demographics" sheet, plain paper, or a copy of some document(s) you may have..... a family bible? ANY and all information is of interest and will be greatly appreciated.

Early data, or the name of anyone else who may have or have access to such data, is epecially welcome.
